# Where's the best place to take your family on a day out?

## These are some of the top choices according to English Heritage members, but remember there are plenty more to choose from!

**Dover Castle** has been the Key to England for over 900 years, boasting a long and immensely eventful history. There's nearly a millennium's worth of secrets to discover, including the wartime tunnels and amazing views across the English Channel.

**Kenilworth Castle** and Elizabethan Garden is one of the most spectacular castle ruins in the country, perfect for feeding all imaginations. Discover secrets amongst the ruins and get hands on with their action-packed programme of events and activities.

**Whitby Abbey** in North Yorkshire is an awe-inspiring location with fascinating history. It is a beautiful and magical place, steeped in history and it makes children feel part of something bigger with amazing memories to be made.

**Tintagel Castle**, Cornwall with its spectacular location on one of Britain's most dramatic coastlines Tintagel is an atmospheric spot: a place of mystery and legend that offers endless opportunities for discovery, exploration and imagination!

**Stirling Castle** is one of Scotland's greatest stone castles – an icon integral to how we understand the nation's story. The castle peaked in importance in the 1500s, but its volcanic crag has been fortified since ancient times.
